Jodhpur, Rajasthan

SUMMARY

WordPress and Shopify Developer with experience in developing and customizing responsive business and e-commerce websites. Skilled in WordPress, Shopify, HTML, CSS, JavaScript, PHP, and SQL, with expertise in theme customization, payment gateway integration, API integration, hosting, domain management, and website troubleshooting. Focused on delivering user-friendly and business-oriented web solutions.

WORK EXPERIENCE

Teckey Digital Solutions

Nov 2024 – Present

- Developed and customized responsive WordPress and Shopify websites, including business websites and e-commerce stores based on client requirements.
- Performed Shopify theme customization and backend store modifications, including layout changes, product pages, and UI enhancements.
- Integrated multiple payment gateways such as Razorpay, Stripe, PayPal, and Cashfree, ensuring smooth and secure checkout processes.
- Implemented third-party API integrations, plugins, and Shopify apps to extend website functionality and automate workflows.
- Managed domain configuration, hosting setup, DNS, SSL installation, and business email setup using Google Workspace and Zoho Mail.
- Handled website deployment, maintenance, bug fixing, performance optimization, and technical troubleshooting to ensure smooth website operations.
